Issue 26  Principal’s Message  Friday 7th November, 2014

Hi everyone,

It is very exciting to have a Ham Wheel happening at our school this year. They start tonight with the dinner at 6pm and then the spins start at 6.30pm.

A huge, gigantic thank you to David Doyle for making the amazing wheel for us to spin each time.

Another humongous thank you to Kathy Johnson, Jen Hyland and Juana Smith for organising the prizes, food and the signs that you see on the corners of our school grounds. Great painting Juana and Dean. Thanks to Ian Winter for helping to put the signs up.

What a perfect example of team effort. Now we have to all turn up and win some hams, chickens and other prizes.

Thank you so much Bundaberg Central P&C. You are all awesome!

Heritage Listing

Some more fantastic news is that some of our buildings are going to be heritage listed. That is the original building where my office, library, Miss Sullivan’s and Mrs Boag’s classrooms are. It also includes the shelters on Maryborough Street and near the PLC. Last but not least are the big pine trees near the top of the oval.

Lots more information will be available as this process is finalised. We can then share lots of information and celebrate the acknowledgement of our beautiful buildings.
Students of the week

These students in Yr 4/5 ad Prep/1 have been rewarded for working well in the classroom. Congratulations.

International Teacher’s Day

On Friday teachers were acknowledged for the great work they do in mentoring and teaching our students. Awards and roses were given out. A morning tea was supplied by the teacher aides. We do hope you had a great day.

Cameron Stelzer an inspirational author joined us on Wednesday 29th to discuss the life of being an author and helped us with some drawing creativity and descriptions. He told us he grew up in Bundaberg and even described where he lived. One funny story was how the church near his house lost its roof and landed on his front lawn. Cameron said this inspired him to write about some storm scenes in his books.

The books Cameron created are amazing books called the Pie Rats and a very cool series about ‘Stroogle’, which just had their 10 year anniversary. After he told us about his writing, he gave a lesson on drawing, illustrating and how to make our writing better and more interesting. He made it look very easy. We all learnt how to do new things!

One of the activities Cameron had us do involved a bag full of toy animals he brought. We got to choose three animals each and draw them together and see what they looked like. Overall we had lots of fun and it was really cool to meet an experienced author.
