Mrs Bradford School discipline to be strengthened The Queensland Government has announced a plan to strengthen school discipline in state schools. The plan is the first of 15 strategies to be developed from the recently released Great teachers = Great results direct action plan. It will reduce red tape and provide principals with the flexibility to work with the school community to implement a range of new and strengthened disciplinary approaches. For more information on Great teachers = Great results visit the DETE website. During the ceremony we discussed the importance of always remembering ANZAC Day and those men and women who have sacrificed everything for our country. The children were very respectful during the whole ceremony and the wreath bearers did an outstanding job. On Wednesday morning we had the HITZ FM Radio Station come to our school and broadcast their morning program. Other community groups also came and the students were able to participate in a range of activities eg Basketball, Office works, Wide Bay Kids & Taekwondo. The P & C organised a BBQ breakfast which was much appreciated. (Photographs are found on the next page). Chappy Chat: Having a Go: Most people will only have 2 or 3 things that they will be really good at and also enjoy but most people don't know what those few things are for them. So when an opportunity to try something (like a sporting come-and-try day) is presented they should give it a go. The worst that can happen is that they find that they don't enjoy it and don't want to do it again. However, they might just find that it is something that suits them and really enjoy it. A story was told of a young man who got a Broncos scholarship. About the same time as the scholarship he was also asked to try out for a school musical. He didn't want to try it as he was more interested in football than anything else. His girlfriend convinced him to have a go. When the music teacher heard him sing, she saw potential and arranged for him to have music lessons and develop his singing talent. The young man played football for a few years, but it was the music that he showed real talent in. Now this young man is in a band, has released a few CDs and estimates that his income was over $1 million last year. While very few of us will have million dollar careers, most of us have the potential to gain a great deal of enjoyment from spending time at one of the things that we are really good at, as long as we can find the things that we are good at. We'll find these things by being willing to have a go at all sorts of different things. Having a go at something fits very well with our school motto of ‘Only your Best’ as students should give it their best shot. We should encourage our students to not be afraid to try new experiences. Some of the best experiences in life will come from stepping outside of your comfort zone and having a go at something new. NAPLAN testing time again

Our students in Years 3, 5, 7 and 9 will soon participate in the annual National Assessment Program – Literacy and Numeracy (NAPLAN) to assess their skills and understanding in the areas of reading, writing, language conventions (spelling, grammar and punctuation) and numeracy.

The tests will be conducted in all state and non-state schools across the country from 14–16 May.

An individual NAPLAN report for each child will be sent home later this year. Results provide additional feedback for parents, carers and teachers on how students are progressing in key curriculum areas.

Please contact the school if you have any questions about your child participating in NAPLAN testing. Further information is available on the ACARA website. (http://www.nap.edu.au/)
